

YOUR COLLECTIVE SHOW DIRECTORY ONBOARDING CHEAT SHEET

Mandatory

The Basics

To maximize your presence at Collective Show follow just TWO steps to display your Brand's profile to buyers.

1 STEP ONE

General Info Contact and Brand information

Your Brand Name is displayed on your online profile and in the event app, be sure to use your consumer-facing name.

2 STEP TWO

Brand Profile, Image, Product Categories, and Description

The onboarding wizard only requires standard information during setup. To make your profile more robust, head to the dashboard, with this guide, to add more details.

Recommended

The Enhancements

The Basics gets your profile displayed in the Collective Show Directory. However, we know you want to stand out. The Enhancements add your products to the searchable directory.

3 STEP THREE

Upload your Products With one of the following options.

SHOPIFY

Install the Bulletin Wholesale Marketplace App to import products and sync inventory.

BUILD WITH OUR TEAM

Share your line sheet, google sheet, or website containing your wholesale pricing and our team will craft your brand page.

CSV FILE

Fill out the [Bulletin Product Template](#) with your product details for an easy upload.

Currently, the Shopify integration works for US retail stores with consumer pricing. [A guide on integrating your Shopify to your directory.](#)

It may take up to two weeks to get you fully set up. [For more insights on this complimentary feature.](#)

Your file will not upload if it is not in the format of a .CSV file. [Check out this guide for a step-by-step.](#)
